# INTRODUCING JERACO...

Jeraco has been manufacturing quality truck caps for nearly 20 years, providing the highest standards of quality and service to our customers. Our caps, built with style and strength, are backed by Jeraco's lifetime limited warranty.

STANDARD 8' FORD • HIGH-RISE 89 CHEVY

## AERODYNAMIC DESIGN

Each Jeraco cap is made from a mold designed and handcrafted for the individual truck, giving the cap the look and fit of a factory-installed unit. Our customers are proud to display their vehicles because Jeraco caps enhance the appearance of any truck.

STANDARD LONG-BED MAZDA

HIGH-RISE LONG-BED RANGER

## CONSTRUCTION

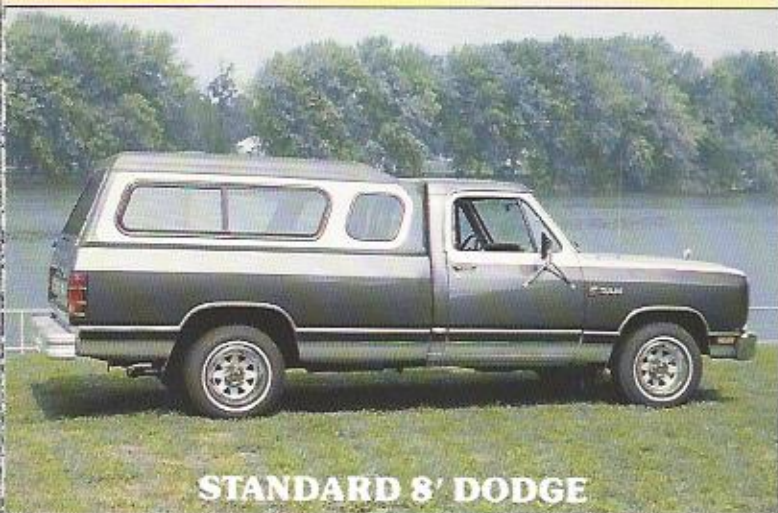

Jeraco uses only the highest quality materials in the production of its fiberglass truck caps. Our mounting rails, the strongest on the market, are integrally molded into the shell, making each cap a one-piece unit. The finished fiberglass exterior requires no aluminum extrusion, no screws and no chipboard. Our heavy-gauge rails provide solid mounting to ensure safety. Our roofs are reinforced and double-walled to provide strength and insulation.

20 years. We are dedicated to customers. All our truck caps, limited warranty.

STANDARD SHORT-BED TOYOTA

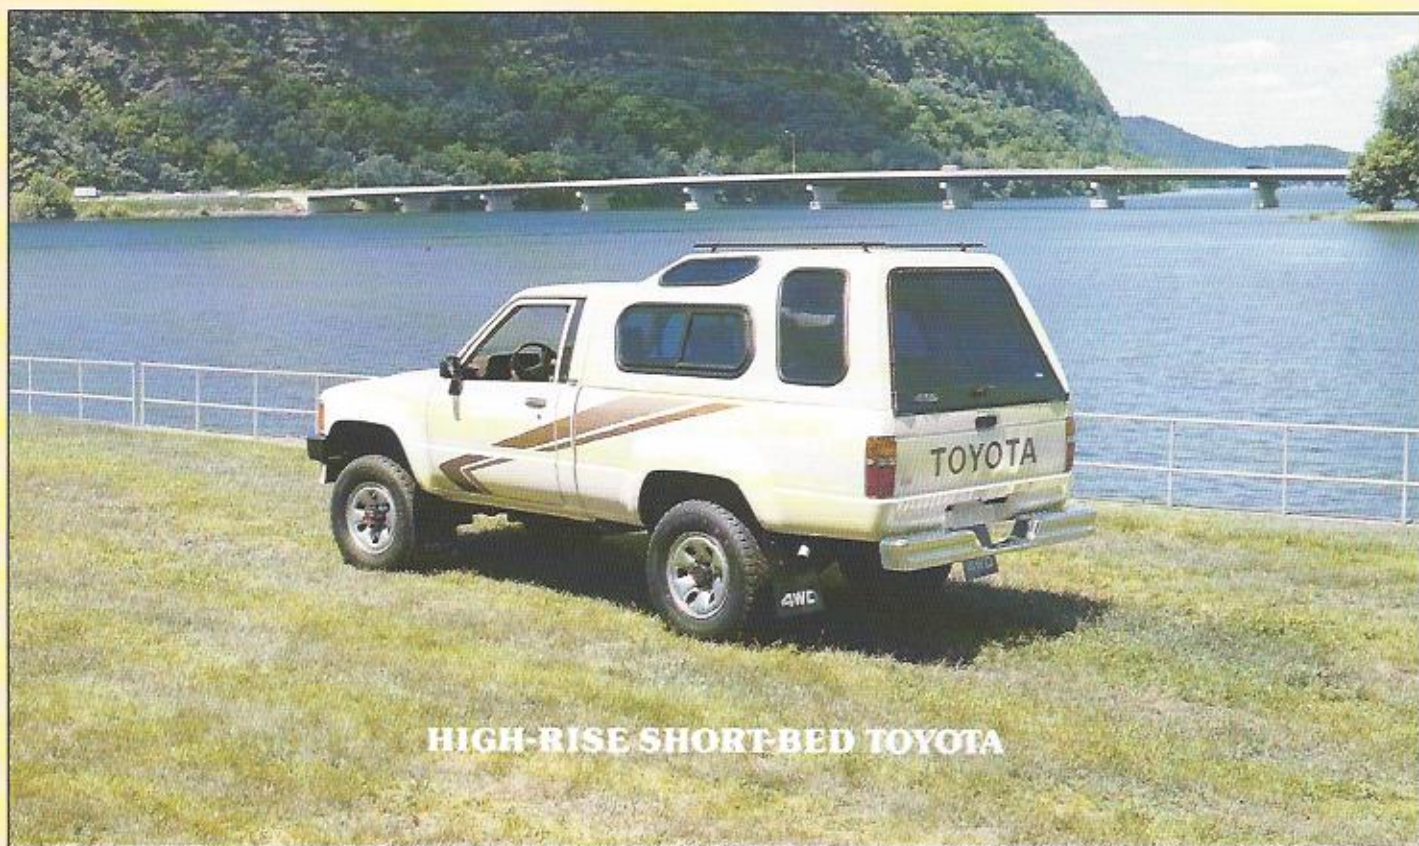

STANDARD 8' DODGE

## ***CUSTOM FEATURES***

Radius windows and doors are used on all current Jeraco models to conform with the lines of today's truck styles. All windows are set in dual rubber molding with locking strips and sealed to prevent water leakage. Built-in interior lights and custom-fit doors with gas props are standard features on all caps.

At Jeraco we consider ourselves a custom manufacturer. We build each cap to exact specifications, using the colors, window layouts and options to suit each individual's needs and tastes.

## **INTRODUCING THE STREAMLINER**

The Streamliner is the next generation of quality engineered fiberglass truck caps from Jeraco. Designed with today's ever-changing lifestyles in mind, this new cap is equally suited for work or play. Give your truck a sleek, customized look with the Streamliner.

**STREAMLINER/TWO-TONE 1**

**STREAMLINER/TWO-TONE 2**

At Jeraco, our commitment to quality and customer satisfaction extends not only to each cap's construction, but to its design as well. Our dedication to excellence shows—in one of the most exciting lines of fiberglass truck caps on the market today. Compare our caps to other models and you'll see... at Jeraco, quality speaks for itself.
